

# Your equipment at Westend

We attach great importance to high quality standards - that's why we offer all the equipment and materials you need for your meetings and workshops. And because we also believe in transparency, all the equipment is already included in the room rental.

We have customised flipcharts, writable work walls and click share technology to simplify your presentations.

We also believe that you should have fun while you work. That's why you'll also find Lego Serious Play or table games for team activities.

## Technical equipment:

- 1 flat screen (65 inch)
- Sonos sound system
- Free WiFi
- Additional technical equipment on request
